

# BE IN THE KNOW

## Staying at BC Children's Hospital under the Mental Health Act.

### Why you're here

Your doctor has decided that you need to stay in the hospital for care and safety reasons. The Medical Certificate **Form 4** explains why.

### Treatment

Consent for Treatment **Form 5** explains the treatment you will receive. Your treatment team will review it with you.

### Your treatment team

You will meet nurses, doctors and other staff who want to help you get better as soon as possible. They will support you during your stay.

### Choose a person to notify

Nomination and Notification of Near Relative **Form 15 + 16** gives you the opportunity to let a support person know you are in the hospital.

### Your rights

Notification of Rights **Form 13** lists your rights while you are in the hospital. You will be given a copy and we will help you understand your rights.

### Your stay

It's really helpful to ask questions. Your safety and privacy is most important. We want to help you get better and back to the important things in your life.

### When you leave

Your doctor will talk to you about your care in the community. We will help you and your parents or guardian make a plan including the goals you want to work on.

February 12, 2020

The main purpose of the forms are to protect your rights!

We want to make sure you have support and feel heard.
